TISD 2024

40TH ANNIVERSARY
SEPT. 30 - OCT. 02
CANNES - MANDELIEU

40th
ANNIVERSARY

You're invited to
celebrate 40 years of
dedication to material
forming, collaborations,
and pioneering solutions.

TRANSVALOR

INTERNATIONAL SIMULATION DAYS

WITH THE PARTICIPATION OF
CEMEF MINES PARISTECH
RESEARCH LABORATORY

BE OUR GUEST FOR THE TISD 2024

Cheers to 40 years of success together! From Transvalor's growth and worldwide expansion to the continuous delivery of increasingly innovative and high-performance products, our journey has empowered us to foster lasting and authentic partnerships we're eager to celebrate.

This major event will feature keynotes, technical conferences, speed meetings, cultural visits and many other formats to stimulate discussions and understand tomorrow's stakes of the industry 4.0.

Automotive

Aerospace

Energy

Watchmaking

Glass forming

Medical

Oil & gas

Steelmakers

Heavy
industry

And many others

“

I loved the mix between presentations made by industrials and by researchers. The possibility to discuss with many people from different scientific fields makes ideas grow.

Antoine Courtoux - ArcelorMittal

A CELEBRATION TO BE SHARED WITH USERS, HISTORICAL PARTNERS AND TRANSVALOR PEOPLE.

We take great pride in the community we've built together over the last four decades. Let's keep working hand in hand to shape a brighter future filled with innovation, scientific expertise and meaningful impacts.

You're invited to gather in the beautiful bay of Cannes, around manufacturing challenges and topics such as hot & cold metal forming, heat treatment, metal casting, welding, microstructure evolution, fatigue & fracture mechanics, e-mobility, lightweighting, numerical process chain & interoperability, digital twin, artificial intelligence...
